

Personal Protective Equipment

PPE Clothing Chemical

Coveralls, Tyvek-Pro.Tech®, PPE Category III

94 

Manufactured to the highest standards Tyvek-Pro.Tech® is a versatile and robust limited life garment. Its lightweight, yet tough properties make Tyvek® suitable for a number of applications, including protection from certain liquids and dust particles greater than 1µm. Manufactured to excellent standards and strict quality specifications, these garments are certified to Types 5 and 6 requirements and are also silicone and lint free.
