Freeze drying systems, FreeZone®

Accessories, for all models

Catalogue No	Legacy No	Alt. No	Description	Price
11380700	DTF-360-518Z	7540000	Fast-Freeze flask, 40mL, borosilicate glass bottom, rubber top with 12.7 mm diameter opening. Flask bottom dimensions 76mm x 34mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547000 or 7547400 adapter (sold separately)	75.09
10452195	DTF-360-520M	7540200	Fast-Freeze flask, 80mL, borosilicate glass bottom, rubber top with 12.7mm diameter opening, flask bottom dimensions 115mm x 34mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547000 or 7547400 adapter (sold separately)	66.89
10044744	DTF-360-522P	7540300	Fast-Freeze flask, 120mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 85mm x 59.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	117.37
10228204	DTF-360-524T	7540400	Fast-Freeze flask, 150mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 85mm x 59.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	121.75
10054744	DTF-360-526W	7540600	Fast-Freeze flask, 300mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 145mm x 59.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	143.62
10491235	DTF-360-528E	7540800	Fast-Freeze flask, 600mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening. Flask bottom dimensions 135mm x 90.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	178.61
10033692	DTF-360-530H	7541100	Fast-Freeze flask, 750mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 162mm x 90.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	183.72
10694843	DTF-360-532K	7540900	Fast-Freeze flask, 900mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 190mm x 90.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	185.90
10267172	DTF-360-534L	7541000	Fast-Freeze flask, 1,200mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 240mm x 90.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	215.79
10120840	DTF-360-536C	7541200	Fast-Freeze flask, 2,000mL, borosilicate glass bottom, rubber top with 19.1mm diameter opening, flask bottom dimensions 380mm x 90.2mm (height x diameter), flask should be filled no more than $\frac{1}{3}$ its volume, requires 7547200 or 7547600 adapter (sold separately)	255.16
10768205	DTF-360-538B	7547000	Stainless steel adapter, straight, for connection to Fast-Freeze flask with 12.7mm diameter opening	21.69
10763374	DTF-360-540Z	7547400	Stainless steel adapter, 45° bend, for connection to Fast-Freeze flask with 12.7mm diameter opening	28.25
10196103	DTF-360-542M	7547200	Stainless steel adapter, straight, for connection to Fast-Freeze flask with 19.1mm diameter opening	21.69
10604853	DTF-360-544P	7547600	Stainless steel adapter, straight, for connection to Fast-Freeze flask with 19.1mm diameter opening	28.25
11955502	DTF-360-546T	7543800	29/32 adapter, allows connection of a 29/32 round bottom flask to any valve on Labconco drying chambers and manifolds	40.86

Spare part

Catalogue No	Legacy No	Alt. No	Description	Price
11721499	DTF-360-548W	7509600	Replacement valve for Labconco drying chamber, consists of neoprene body and gaskets, moulded plastic knob and fittings	58.07
